

## Introduction to the Driver Mobile Application

### Smart Charging Solutions for Electric Vehicles

## To download the new mobile app:

Android: <https://play.google.com/store/apps/details?id=com.greenactionstudio.chargeport&showAllReviews=true>  
 Apple: [https://apps.apple.com/us/app/charge-port-ev-charging/id15814949\\_6](https://apps.apple.com/us/app/charge-port-ev-charging/id15814949_6)

New Icon

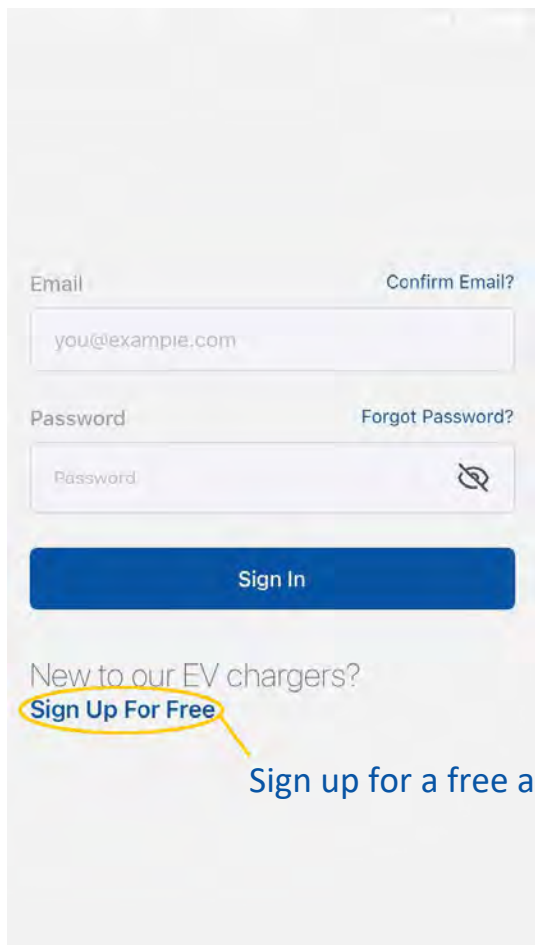

Figure 1 shows the mobile app's login and registration screen. It features fields for Email, Confirm Email, Password, and Forgot Password. A blue 'Sign In' button is at the bottom. Below the button, it says 'New to our EV chargers?' and 'Sign Up For Free' is circled in yellow.

Figure 1

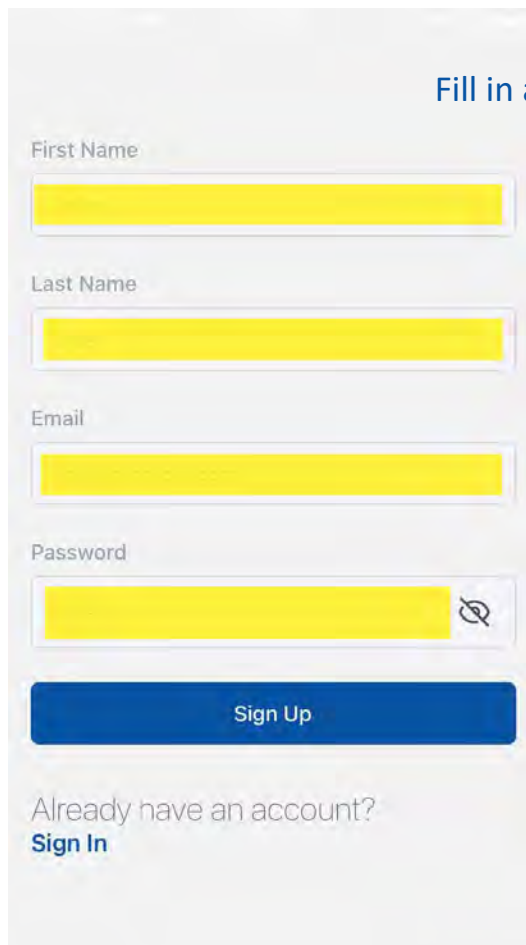

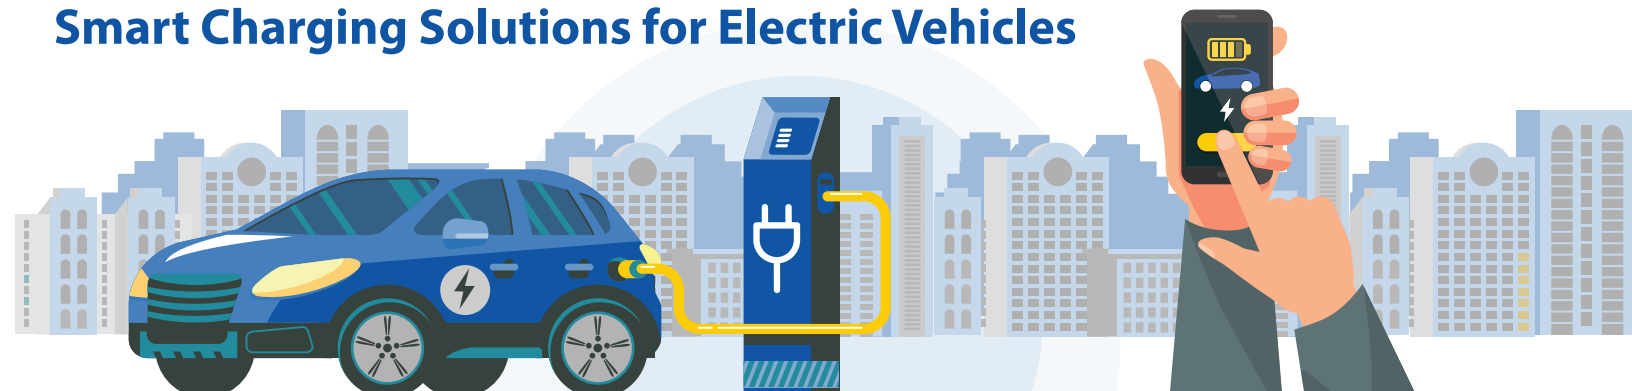

Figure 2 shows the mobile app's sign-up screen. It features fields for First Name, Last Name, Email, and Password. A blue 'Sign Up' button is at the bottom. Below the button, it says 'Already have an account?' and 'Sign In'.

Fill in all fields

Open the Mobile App once downloaded and sign up for a free account (If you had an account on the old app, the login information will no longer work, you must sign up for a new account).

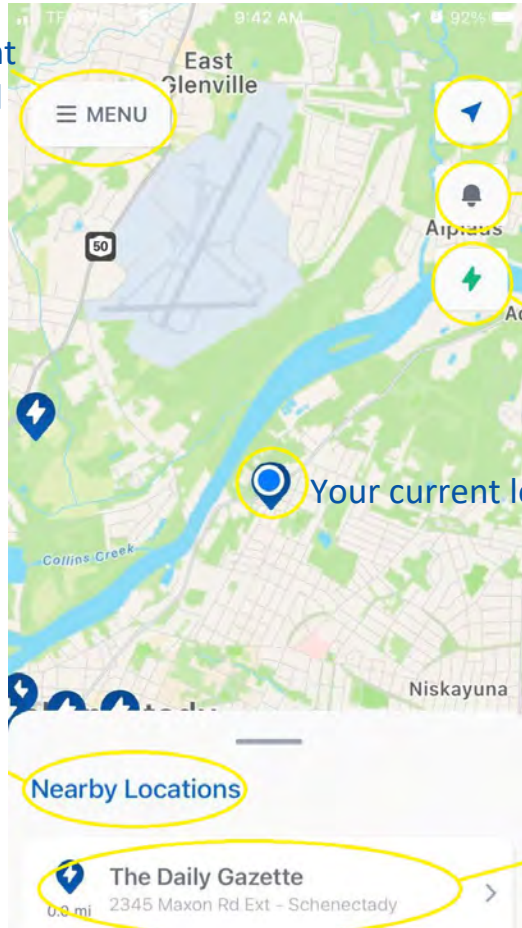

## Smart Charging Solutions for Electric Vehicles

Once logged into the app you will see the following screen. **Before you can begin a charging session you will need to add a payment method to your account (see fig. 5).**

Click to see account info, update payment info, update payment information, and call support. (see fig. 5)

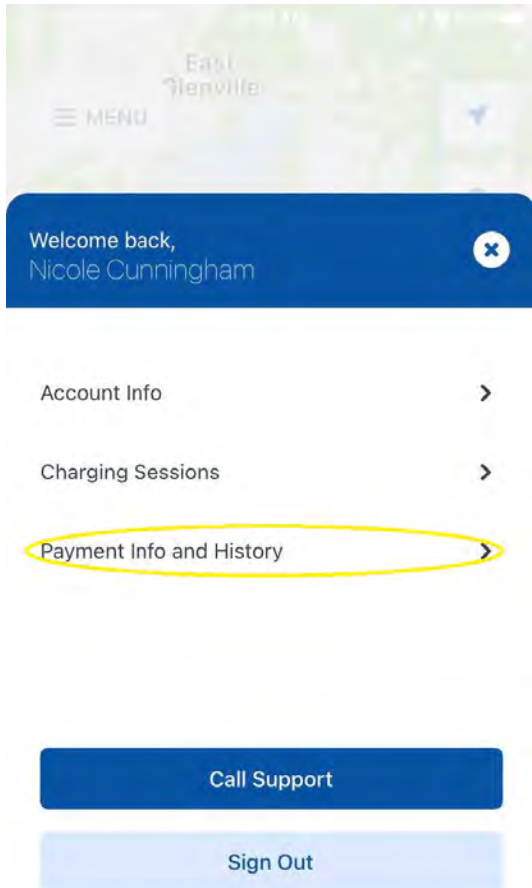

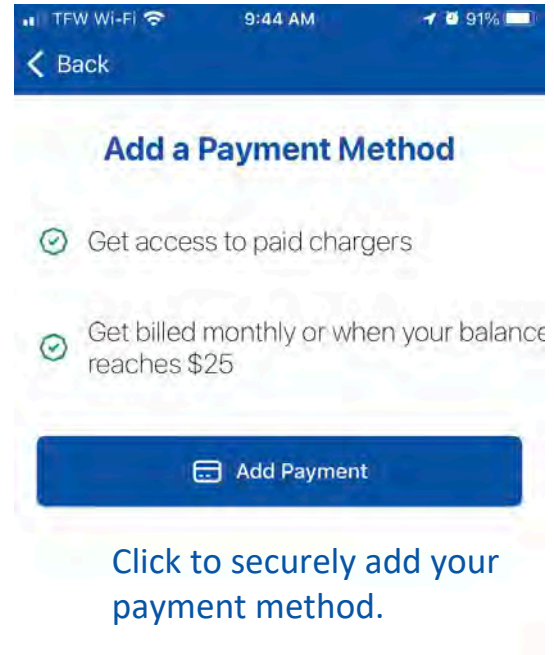

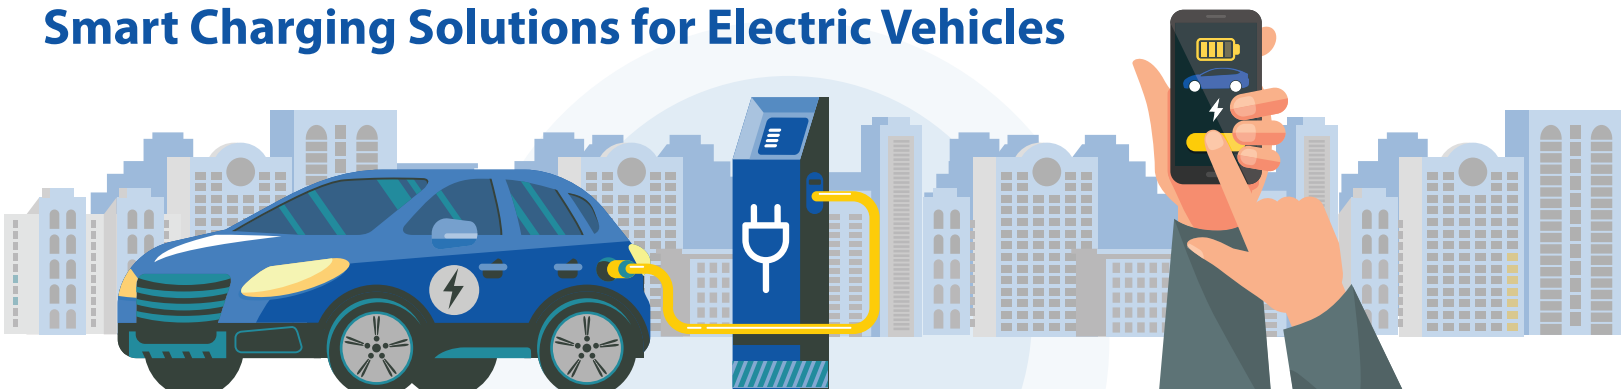

Figure 6

## Smart Charging Solutions for Electric Vehicles

After you have added a payment method you will be able to start a charging session. Pull up the Nearby Locations list and choose the closest location. Choose the station number you are parked at, and click Start Charging. You will get a notification when the transaction has begun, and once the transaction is complete.
